MG3 - MARTIN GASSELBERGER TRIO

„2nd move“

The music of the Martin G Trio captivates you with their great variety of sound as well as with the intricateness of their melodies. In the strong clarity of the themes there is partially complex rhythm and harmony opposite each other. Improvised free space leads to unforeseeable constellations and changes. However, the three musicians never lose their musical orientation. Conscious of tradition, the Trio succeeds again and again by innovative playing and by seeking out new aspects in what is an already familiar jazz-landscape. Their joy of music is palpable and overflows..
