

Johannes Thoma

Colors of Voices

After his highly acclaimed predecessor work "Get real" Johannes Thoma has now invited five powerful voices from Georgia, France, Italy and Austria to sing on his new CD "Colors of Voices" that - as the name suggests - meet his sensitive and melancholic interpretations and fills them with a passionate, colorfully dyed timbre.

The results are balladesque images of the musical storyteller Thoma that puts the listener in a state of perfect, mindful relaxation. Be it, that he adds a jazz touch to upbeat Chansons or wraps his own compositions or Brazilian music in a garment of jazz. Here, soft, smooth tone images arise that are punctuated now and again by fiery explosions. An album that is distinguished through its musical diversity.

A pleasure!
