

Kill Scoville

Open Doors

A portion of Vintage, a pinch of Pop and a whole lotta groove: Kill Scoville from Graz play themselves directly into our souls' rhythm centers, displaying fine nuances between modern Acoustic Jazz, Soul and Swing.

The sound catches you like a wave. It sweeps you away, wants you to surf it and move with it. Remaining seated impossible. When Kill Scoville start playing their songs resistance is pointless. Those endowed with just the slightest spark of rhythm will begin moving automatically because the sound is catching. The band, a trio in its original formation, is as powerful in its sound as a big band though using a fine blade ever present. The three musicians can all look back on a long lasting stage experience. Each one of them is a strong personality which becomes clear at first sight. Together, they act in perfect harmony, creative, impulsive and so full of heartiness that an evening with Kill Scoville first and foremost means one thing: pure vitality.

You got tone?

Livia Hubmann (vocals), **Steff Kotter** (piano, vocals) and **Predo Perić** (drums, vocals) got it - and how! They interpret classics new and give them a truly personal touch, they rock their audience with their own songs and no matter whether they perform in a small contemplative club or at a big gala, the stage is their element. The trio gets musical backing according to the occasion: **Gernot Strebl** (saxophone, clarinet) and **Lukas Raumberger** (bass) join to add even richer facets to Kill Scoville's nuances of sound. Not later than now you are in for it: Legs are tingling, ears are swingin' and the heart is dancing.
