

Federica Ferrari

A Joia Escondida

Finally the time has come.

Federica Ferrari releases her long overdue first album.

For years now I have been urging her, I wasn't the only one who held up the mirror for her, to see her own talent.

And the perfectionist has assiduously worked, step by step, with her goal in mind, a long way to her realization, with ups and downs, a real Genesis.

But the journey was worth it...

10 tastefully arranged songs are waiting to bewitch the ears of the audience and to touch their souls.

Federica's world is mainly in Minor, sometimes slow and lyrical, then again faster and dramatical, broken up by Major passages.

A back and forth of emotions which chase one another in a vibrant, tension filled way, granting an insight into the Singer's impassioned inner being.

She sings with a fragile grace, to surprise with her powerful voice shortly afterwards.

Portuguese words are used to express, through music, human passions with passion.

Songs that one believes to know and yet are so unknown, orchestrated with many different colourful images painted by virtuous musicians.

Federica's acoustic piece of art invites you to listen attentively and awakes a longing for deep red wine in an intimate atmosphere...

Truly a listening pleasure! Ines Reiger
