Wayne Darling Trio Empty Nester

The second CD recording from the Wayne Darling Trio offers compositions in a variety of adventurous musical directions. Whether it be a bass solo piece, medium or up tempo grooves, sensitive ballads, free improvisation, etc., it's all there. Perfect, pure creative magical moments. Again, the existing extra sensory perception (ESP) is very obvious with these fine musicians.

A continued journey of excellent jazz trio music, performance joy and friendship. Very cool, indeed.
